- Family Portraits. Typically I get all the different combinations, if you have specific combinations you know you want please indicate below. Please indicate names if applicable. Also I usually can be done with the largest of groups within 45 minutes, this is assuming that everyone is ready and on time, this has never happened, so, please tell everyone that will be in the pictures to arrive a half hour prior to the actual shoot time (hint, don't tell them the actual shoot time), this usually insures that we can get started on time. For example if we are scheduled to shoot at 5 pm. Tell Family members to arrive for photos at 4:30.
